

## **JOB DESCRIPTION**

### **CREATIVE SERVICES VIDEOGRAPHER/PHOTOGRAPHER**

Family Life is seeking applicants for a Videographer / Photographer position. This is a full-time position with benefits. Key responsibilities will include producing, shooting, directing, and editing videos for Family Life's ministry departments. The type of videos you will create will range from event promos, story pieces, music videos, short films, livestreaming and more.

#### **RESPONSIBILITIES:**

- Communicate and further the vision and values of Family Life through video - includes filming, editing, color correcting, and animating motion graphics.
- Proactively film major events and annual activities within the ministry.
- Contribute creative ideas for video and other initiatives that further ministry goals
- Capture b-roll at various events for promotional material that helps convey the ministry of Family Life.
- Setting up/tearing down professional lighting equipment for video projects
- Multi-camera livestreaming events on or off campus.
- Ability to capture still images when required at events is a must.
- Any other task assigned by the Creative Services Director.

#### **THE IDEAL CANDIDATE:**

- Bachelors' degree (or equivalent) in video production or similar field of study.
- Minimum of 2+ years of professional experience in video production, including lighting, lensing, shot composition, direction of talent, and audio production.
- Working knowledge of current (Canon, Sony, Blackmagic, etc.) DSLR camera technologies.
- Working knowledge in multi-camera livestreaming and video switcher (Blackmagic, Roland, etc.) technologies.
- Professional work ethic

- Proficient in Adobe Creative Suite (Premiere Pro, After Effects, Photoshop, etc.)
- Must have an eye for detail.
- Ability to remain humble and flexible in the creative process; willingness to sacrifice artistic ambition in consideration of content, time restraints, and maintaining clarity for all audiences.
- Ability to work in a complex, multifunctional environment with multiple projects running simultaneously.
- Ability to “switch gears” on short notice and embrace flexibility when priorities shift.
