

“We Believe in Miracles!”

God is Opening Amazing Doors

Family Life’s Summer Project

It was the “Miracle on Ice” when the US hockey team, made up mostly of college-age players, pulled off the impossible upset of the Russian national team during the 1980 Olympics held in Lake Placid, NY. NBC, the television network broadcasting the Olympics, had made the decision not to carry the match live because this same Russian team, composed of much older professionals, had annihilated the US hockey team less than thirteen days earlier. As the final seconds began to count down and it became evident that the United States would win, broadcaster Al Michaels shouted out what has now become a most famous phrase, “Do you believe in miracles?”

What made this victory so amazing is that no one, except maybe the US coach and his hockey players, believed such an achievement could have been possible. Have you ever had such an experience that has left you totally spellbound, where chills ran up and down your spine, where you uttered the words, “I just cannot believe this!”? If you have, you can completely understand what Family Life is experiencing right now.

God is Opening Doors for Family Life to Reach Over 3,000,000 More Listeners!

We have been amazed numerous times throughout Family Life’s 43 years of broadcasting how the Lord has opened doors to expand the radio network. But never have we experienced what is currently taking place, and we would love for you to be part of this miracle! God has opened the doors for Family Life to reach over 3,000,000 more potential listeners in ways we could have never imagined. Family Life has been given a once-in-a-lifetime opportunity to purchase a 50,000-watt station in Pennsylvania that will cover Harrisburg, Lancaster, and York.

“HOLD ON,” you might say. “I thought Family Life purchased a station to reach Harrisburg this past year. Why do you need another station?” And you would be right in posing that question. This new station would reach more than three times the population of the station Family Life had purchased. And the exciting news is that the previous owner of our Harrisburg station desires to buy it back at an increased price. Combining that income along with the largest one-time gift that the ministry has ever received, we are close to having the necessary funds to purchase this 50,000-watt station!

Never in Our Wildest Dreams Could We Have Imagined This Miracle!

But wait – there’s more! Three other stations are also in the mix to be purchased as current owners are giving Family Life incredible deals. One of the stations will extend the ministry’s reach in central Pennsylvania covering Carlisle, Shippensburg, and Chambersburg with a quality signal. The other two stations are in western Pennsylvania reaching New Castle, Ellwood City, Beaver Falls, Mercer, Sharon, Greenville, and surrounding communities. Never in our wildest dreams could we have

imagined such open doors to cover areas unreached by a Family Life signal. Yes, ***“We Believe in Miracles!”*** because we serve a miracle-working God!

I love the prayer of Jabez found in the fourth chapter of First Chronicles where he asked the Lord to bless him and enlarge his territory. I am writing to you because you can play a significant role in helping Family Life enlarge its territory by blessing the ministry with your financial support for these amazing opportunities. Growing a radio network is not the end goal. Rather, using every signal that the Lord makes available to impact lives with the message of hope found in Jesus Christ is the reason and passion that Family Life has in expanding its outreach.

What began in 1983 with a small station reaching about 40,000 potential listeners now has the opportunity to increase that number to over 11,000,000! Only God could orchestrate such growth, and we are quick to give Him all the glory! With the sale of the existing Harrisburg station and the incredibly large donation that has already been committed toward these purchases, we are trusting the Lord to provide the additional 30% of the funds needed to finalize these acquisitions. Do you believe in miracles? We have witnessed God do it over and over again!

Catch the Vision of Enlarging Family Life’s Territory!

On July 8 & 9, Family Life will host a two-day fund drive asking the Lord to touch the hearts of His people, just like you, to catch the vision of reaching over 3,000,000 more potential listeners with the life-changing message heard daily on Family Life. You can have a part today enlarging Family Life’s territory by contributing online at familylife.org. You can mail your gift to PO Box 506, Bath, NY 14810, or you can participate on July 8-9 and be part of the excitement experiencing once again our miracle-working God doing what only He can do!

Believing together for a miracle,

Rick Snavelly
CEO
